

# I-395/SR 836/I-95 DESIGN-BUILD PROJECT

Financial Project Numbers: 251688-1-52-01, 423126-1-52-01, 423126-2-52-01, 429300-2-52-01

## BRIDGE FOUNDATION WORK ON NW 17 STREET

On **MONDAY, FEBRUARY 8**, the project contractor will begin mobilizing equipment and materials to the area of NW 17 Street, just east of I-95 in preparation to drive concrete piles into the ground for bridge foundations. The concrete pile operations will begin on **FRIDAY, FEBRUARY 12** at the north side of NW 17 Street as shown below and will then move to the south side of the roadway. The pile operations will produce noise and vibration at times, and a monitoring program is in place to ensure that levels remain within acceptable limits.

The pile driving and subsequent bridge foundation work is expected to last approximately four months. Traffic on NW 17 Street under I-95 will be shifted around the work zone as needed between the hours of 7 a.m. and 6 p.m. Pedestrian detours will also be implemented as needed.

The work is part of the I-395/SR 836/I-95 Design-Build Project that will reconstruct the I-395 corridor from the SR 836/I-395/I-95 (Midtown) Interchange to the MacArthur Causeway Bridge, including the construction of a Signature Bridge over NE 2 Avenue and Biscayne Boulevard; double-deck SR 836 from west of NW 17 Avenue to the Midtown Interchange and the replacement of the concrete pavement on I-95 from NW 8 Street to NW 29 Street.
