TRAFFIC SHIFT ON EASTBOUND I-395 AND I-95 RAMPS TO EASTBOUND I-395

A new traffic pattern will be implemented on eastbound I-395 and the I-95 ramps to eastbound I-395 starting on Tuesday, November 12. The shift will be implemented in two phases as noted below:

- **TUESDAY MORNING, NOVEMBER 12** – The eastbound I-395 lanes originating from SR 836 will be shifted slightly to the right from I-95 to North Miami Avenue. Drivers on eastbound I-395 will continue to use Exit 2A to access Biscayne Boulevard.
- **WEDNESDAY MORNING, NOVEMBER 13** – The travel lane on both the southbound and northbound I-95 ramps to eastbound I-395 will be shifted slightly to the north (left). Access to Biscayne Boulevard will be as follows once the new traffic pattern is in place:
 - Drivers on northbound I-95 exiting at US 1/Biscayne Boulevard will continue to use Exit 2B on the right-hand side.
 - Drivers on southbound I-95 exiting at US 1/Biscayne Boulevard will be shifted to the left and **WILL NOW NEED TO USE EXIT 2A ON THE LEFT-HAND SIDE.**

Please note that this schedule may change due to bad weather or other unforeseen conditions.

The work is part of the I-395/SR 836/I-95 Design-Build Project that will reconstruct the I-395 corridor from the SR 836/I-395/I-95 (Midtown) Interchange to the MacArthur Causeway Bridge, including the construction of a Signature Bridge over NE 2 Avenue and Biscayne Boulevard; double-deck SR 836 from west of NW 17 Avenue to the Midtown Interchange and the replacement of the concrete pavement on I-95 from NW 8 Street to NW 29 Street.

For additional information on the test pile work or the project please contact Oscar Gonzalez at 786-280-0983 or via email at ogonzalez@mrgmiami.com. Additional project information can be found on the project website, www.I-395miami.com.

For information on scheduled lane closures on FDOT Construction Projects that affect traffic to/from and in Miami Beach, please [click here](#).

ABOUT THE PROJECT

The I-395/SR 836/ I-95 Design-Build Project will add capacity, enhance the flow of traffic and safety and improve access along I-395, SR 836 and I-95.
